

Kwamivi Amedeya

Newark, NJ 07102 • (862) 373-6007 • Kamedeya@gmail.com

Qualifications

- Able to code web pages from the ground up using HTML, CSS, JavaScript and React. In addition to having adequate knowledge of Git version control.
- 3+ Years of customer service experience have granted me the ability to easily know how to communicate with others in stressful environments and in general.
- Possess a fundamental understanding of mobile first design concepts and cross-browser development.
- Actively stay up-to-date with current technologies, and am more than capable and willing to learn new skills within a moment's notice.
- Able to independently problem-solve, while being able to utilize resources such as Google, Stack Overflow, MDN and my team to accomplish tasks beyond my expertise.

Experience

Freelance Web Development

Dec 2020-Present

- Implemented websites, mobile applications, and landing pages from concept through deployment.
- Standardized all output with a new, responsive, mobile-first approach and strategy.
- Assessed UX and UI designs for technical feasibility.
- Responsible for troubleshooting and problem-solving.
